Nelson County held off a strong comeback from the Appomattox County High School (the joining of Appomattox and Carver-Price) team in the last quarter and won 60-52 in a district basketball game played at Nelson last Tuesday night.

Nelson got off to a 16-8 first quarter lead and led 35-19 at the half and still upped the score in the third quarter to 48-27. In the fourth quarter Appom a ttox found the range and outscored Nelson 25-12, but they started too late.

Al Loving and Gordon Purvis led Nelson in scoring with 18 points each and Ronnie Stevens had 10 for the Governors.

Appomattox put two men in double figures with Sammy Page tying the two Governors with 18 points, also. Kenneth Ha wkins had 12 points for Appomattox.

Appo Edges Gretna 69-68

Appomattox County High School won their first basketball game since becoming consolidated as they beat Gretna 69-68 in a Group II District IV contest played at Appomattox last Friday night.

The winning point came with four seconds left in the game as Ricky Garrett made his second of two attempts. That was his only point of the game. Welton Gafford paced the Appomattox team with 31 points, 19 of them in the first half. Kenneth Hawkins had 12 for Appomattox and Sammy Page 10. Mike Selts led the Gretna team with 17 points and Randall had 15. Lafayette Lovelace and Jefferson had 13 each for the losers.

Appomattox led 20-18 at the end of the first quarter on the shooting of Gafford as he had half the Appomattox points, all coming on long outside jump shots. They outscored Gretna in the second quarter 23-16 for a 43-34 halftime lead. Appomattox shot about 60% from the floor in the first half, hitting on 19 of 32 attempts. They had trouble hitting from the foul line and Gretna had only 10 field goals in 28 attempts, but made 14 of their 18 foul shots in the first half. In the second half Appomattox had their problems from the floor but hit pretty good from the foul line and Gretna was also opposite in the second, hitting good from the floor, but missing the foul shots, where they only four of 15. Gretna controlled the boards in the second half, especially in the fourth quarter. They were about even on rebounds for the first half.

Gretna outscored Appomattox 17-10 in the third period, but still trailed 53-51. They tied the game with 2:29 in that quarter and traded baskets until Gafford hit with 20 seconds left in the quarter. It was tied several times in the fourth quarter but clutch baskets kept Appomattox out front. Bruce Norconk hit on two deperate free throws, Gafford hit a couple of needed baskets along with Page and Chambers. Selts and Lovelace kept Gretna on their heels as they kept getting the needed baskets for Gretna. It was tied 68-68 with four seconds left when Garrett went to the line for two shots. He had already missed two foul shots in the second quarter and missed his first attempt here, but made the second one. Gretna took one shot after that and missed.

Appo Girls Down Gretna 56-46

The Appomattox girls basketball team won their 10th game against one lost as they beat the Gretna girls 56-46 in a district game played at Appomattox last Friday night.

Leonda Hudson paced the Appomattox girls with 18 points but she had plenty of help from Wanda Hillsman and Kay Thomas with 13 and 10 points respectively.

Bee Johnson took the game scoring honors with 27 points on nine field goals and nine of 15 free tries.

Appomattox made 22 goals from the floor and 12 of 23 foul shots to 17 goals for Gretna and 12 of 27 free throws.

The Appomattox defense was sparked by Becky Harris and Kay Thomas as time and time again they sparked the team by getting rebounds and intercepting passes. Lucy Martin and Kathy Martin also hit well as they each got six points each and they were at moments when they were needed badly.

A quick outburst of six straight points before Gretna could score was a big factor as the Appomattox team led 15-7 after one quarter and never trailed.

Reflections of The 60's

by Rosetta Berkley

To me the 60's will be the most memorable decade. Science and technology have soared to unbelievable heights. It was a decade of racial unrest, assassinations, and famine. The Viet Nam War went on claiming 40,000 American lives. Yes these and other amazing events occurred during the past decade.

I was one of those people, who did not believe it when, President Kennedy stated that before the conclussion of the decade, a man would land on the moon and return safely back to earth. Yet it has been accomplished twice.

When Dr. Martin Luther King, Jr. was assassinated in Memphis, Tenn., his death touched off major racial conflicts that caused many unnecessary deaths.

Air and water pollution was and is a major concern. What has caused this? Car exhaults, industry, etc., were the major causes of air pollution. Sewage manufactured materials and other wastes being emptied into the water has caused water pollution. Let us join the fight for clean air and water.

Another event that caused global concern was the Pueblo crises. The actions of its captain was I am sure a hard decission to make.

I was shocked to read and to hear of the famine in India. Millions of people have been born, have lived, and have died there. The streets has been their home all of their lives. The U. S. assembled the largest fleet of ships during the decade. This fleet consisted of 600 ships carrying millions of tons of wheat to the starving people of India.

These are some of the events that I consider as helping to make the 60's the most extra ordinary decade even to me it has been turning point of the history of the world.
